

- * designed for system VSE3000
- * thermistor element NTC22k
- * two-wire connection

SBV

indoor temperature sensors, IP30
direct mounting on the wall, white color

P10V

indoor temperature sensors, IP30
direct mounting on the wall, white
or grey color

PL11V

outdoor temperature sensors, IP65
direct mounting on the wall, grey color
sensor element placed inside the box

P11V

outdoor temperature sensors, IP65
direct mounting on the wall, grey color
sensor element is placed inside the box

SK2V-2SS-2

cable temperature sensor,
Φ 6mm, silicon cable length 2m

SK2V-2PS-2

cable temperature sensor,
Φ 6mm, PVC cable length 2m
