

- * designed for system Elfatherm
- * thermistor element NTC5k
- * two-wire connection

SBE

indoor temperature sensors, IP30
direct mounting on the wall, white color

P10E

indoor temperature sensors, IP30
direct mounting on the wall, white
or grey color

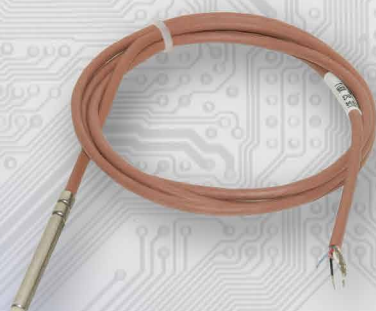

PL11E

outdoor temperature sensors, IP65
direct mounting on the wall, grey color
sensor element is placed inside the box

P11E

outdoor temperature sensors, IP65
direct mounting on the wall, grey color
sensor element is placed in stainless
steel tube better dynamic parameters

SK2E-2SS-3

cable temperature sensor,
Φ 6mm, silicon cable length 2m

SK2E-2PS-3

cable temperature sensor,
Φ 6mm, PVC cable length 2m
